
Red Astro Premium 8.0 Torrent 37

Download Red Astro Premium 8.0 torrent - 37 I tried below script to collect this file and it's not working, can anybody please correct this or let me know how to extract this particular file from this pdf with python from PyPDF2

```
import PdfFileReader
file="TST.pdf"
reader = PdfFileReader(file)
# And check if the first page is an image if reader.numPages>1:
# We look for the first page which is an image
# In this case page is at position 2
print(" Page is an image ")
page = reader.getPage(2)
# Check if page is a gif image
if page.getImageStatus() == PdfFileReader.STREAM_IMAGE_STATUS:
    print("page is image")
im = Image(page.getImage())
#print(im)
w, h = im.size
print("Width = ",w)
print("Height = ",h)
# Create a new file to save the image
with open("Image.jpg", "wb") as f:
    # Here we print the image from the pdf
    im.printImage(f,w,h)
print(" File closed.")
```

A: This is a pretty unique PDF, you would probably have a lot more luck with a more complex PDF reader, though pyPdf2 does work with PDFs that are of this type. A similar example with a slightly more complex PDF using the above PDF and the PDFminer class.

Another, even more complex, example. Both of these examples
